accruing from his endowment invested in the Govt of India Securities is Rs 85 per mensem which will be sufficient only for the A.V School. It is now proposed to impart manual and industrial instruction also in the School The D.I at the instance of the Committee for the School, recommends a monthly grant of Rs 100 for the School to meet the cost of the Establishment required for imparting manual instruction. Mr. Doddanna will bear the initial expenditure required for the purpose and has also promised to have a Stock of materials at his own cost

Last year Mr. Bhabha made a similar recommendation But Govt in their order No 6863 of the 28th February 1906 stated that the question of grant would be considered, after the instruction has been started. and some experience

SIR

With reference to order No 8863 Ed (170-05)-2 dated 28th February 1906, I have the honour to inform you that Mr Doddanna's Free School which he has named Sri Lakshmi Narasimhaswamy Dharmashala has been opened since March 1906 The School is an Anglo-Vernacular School in which English is taught as a compulsory subject in all classes above the II Vernacular Standard It has at present a roll of 185 boys of whom 66 are Brahmins and 119 are non-Brahmins The staff of teachers costs Rs 96. The pay of menial servants and contingencies amounts to about Rs 20. The monthly interest of the endowment fund is

119/66/185

96/20/115

given by the founder is only Rs 85, and the excess expenditure of about Rs 30 is paid by the founder The School has been placed under the management of a Committee of which Mr D Venkataramayya B A, Advocate, is Honorary Secretary It gives at present purely general education But it is proposed to pay special attention to Kindergarten instruction in the lower primary classes and combine manual with Kindergarten instruction from the I class upwards - At the same time from the II class upwards it is proposed to impart industrial education regularly for a part of the day The usual subjects of general education will be taught from 7 to 10½ or 11 O' clock, and some industry will be taught from 2 to 5 or 6 P M For the manual and industrial instruction it is proposed to employ in the beginning the following staff

	Rs
Teacher of Drawing and Modelling	30
Carpenter Industry	18
Black Smith Industry	15
Weaving Industry	15
An attender and two peons	22
	Rs 100

A writer and storekeeper on Rs 15 or 20 will also have to be employed For the drawing, Modelling and manual instruction classes materials models and charts will be required, and the carpentry, blacksmithing and weaving work shops will have to

be equipped at a heavy cost, and unless yarn and other materials will have to be kept in stock. Mr. Doddanna promises to defray the whole cost of the first equipment and also of a stock of materials. He and the Committee request that a monthly grant of Rs 100 may be kindly sanctioned to enable them to defray the salaries of the manual and industrial instructors, all additional cost of equipment and materials being borne for the present by Mr. Doddanna.

2 I strongly recommend that Government may be pleased to sanction a monthly grant of Rs 100 in aid of the school. It will be the first school in which general and industrial education will be combined. The objects of the school will be, besides giving general elementary education, to train the eye and hand, to teach the dignity of labour and to impart industrial education so as to train the sons of poor artizans, tradesmen and workmen in the elements of some industry. These objects are highly commendable and I shall be glad if Government will be pleased to enable the Committee to carry them out.

I have the honour to be,
Sir,
Your most obedient servant,
H. P. Blabka
